

Work experience: WebView demonstration for students

Description of activity

On the commencement of their work experience programme, students are required to use the WebView database to select their preferred placements.

REBP staff will run demonstration sessions for students to ensure that the system is fully understood. The session will be followed by a general question and answer session with students regarding the work experience process.

This activity is flexible and can be delivered within an assembly or as part of individual lessons.

Through this activity students will:

- be able to make work experience selections from the WebView database;
- have an opportunity to discuss any work experience queries with EBP staff; and
- understand REBP's work experience procedures.

This activity is aimed at:	Key Stage 4 students
Max number of students:	Whole year group
Time required for activity:	20 to 30 minutes
Cost:	Funded through SLA and LSC
Schools are required to provide:	<ul style="list-style-type: none">• Internet access• Venue
